Over the last couple of weeks, the family has been travelling through parts of the USA and Canada exploring places like New York, Washington, Quebec and Montreal. In our travels we could look at the different lifestyles of the locals including seeing some of the schools.

Some of the schools were multi-level with large fences around them with lots of noise and people around. Not much playground space and some only had bitumen playgrounds with hundreds of kids all trying to share the area. Talking to some of the locals they said the class numbers were large. It made me think of how lucky our children are to grow up in an area where there is plenty of space to run around, grass playing fields and small almost personal class sizes.

The school terms in the USA and Canada are a two month holiday during the summer and a two week break over Christmas. The rest of the year they trudge through school, I know how my boys are towards the end of term and how tired everyone is. We are very lucky to have the system we have.

For me I really do appreciate what we have here at APS. All the staff know all the students in the school by name and they look after them as if they were their own. The families in the area look

after all the children and are involved in the school, whether that be by working in the canteen, library, helping with working bees or market day. All to help not just our children but all the children of APS now and into the future.

Sometimes you need to go away and see others situations to really know how lucky we are to live in such a great community.

Arcadia Markets – Week 6

Arcadia Markets are on November 19, approaching fast!

We will need help with White Elephant, Canteen and for set up/pack up. A meeting will be held in the next couple of weeks to discuss our biggest fundraiser of the year; date and time for the meeting will be confirmed soon.

For the White Elephant, we need a pair of co-ordinators to sort and set up White Elephant in the week leading up to Market Day, also to be there first thing in the morning and around for pack up in the afternoon. Many hands make light work and no experience is needed.

Please consider helping either prior to Market Day, if you are not attending, or on the day while you are here.

Please contact Kathy Carter-Jones for more information via email on peteandkathjones@bigpond.com

FREE IN2CRICKET OPPORTUNITY LIMITED SPACES AVAILABLE

For more than 20 years, boys and girls from across the country have been taking part in Australian Cricket's entry level program — The MILO in2CRICKET Program.

The participation program is for five to eight-year olds and involves fun, safe activities that teach kids the basic skills to play cricket, in a supportive, non-competitive environment.

The active, inclusive program allows kids to make friends, develop social skills and team work. It's about fun, fitness and being a good sport!

The program is run by trained volunteers. Each participant receives a pack containing a plastic bat, soft ball, bucket hat, water bottle and back pack so kids can practice their skills during the program and at home with family and friends.

Glenorie Cricket club is pleased to offer in2cricket free for this season to families, so if you know anyone who might be interested in having a go at cricket please let them know of this offer and give them our contact details.

The program will begin Friday October 21 from 5pm-6pm at Glenorie RSL and will run for 8 weeks.

For more information and to sign up your child, please contact
Glenn Stanley on 0402400619 WWC number 0081676E
